SECOND CIRCULAR

New Horizons in Sonochemistry and Sonoprocessing

**Dec 6 - 9, 2007
Kyoto, Japan**

**Organized by
Japan Society of Sonochemistry**

**in cooperation with
European Society of Sonochemistry, The Chemical
Society of Japan, The Ceramic Society of Japan,
The Electrochemical Society of Japan, The Society
of Chemical Engineers, Japan, The Japan Society
of Applied Physics, The Japan Society of
Ultrasonics in Medicine, The Acoustic Society of
Japan**

INVITATION

You are cordially invited to participate in an International Symposium on Sonochemistry and Sonoprocessing (ISSS2007), which will be held on December 6 – 9, 2007 at Kyoto Research Park, Japan.

The symposium will be devoted to advances in fundamental and applied domains of sonochemistry and sonoprocessing to give a current overview and determine future perspectives in the field.

Participants will also have the opportunity to explore the traditional city of Kyoto and experience the unique culture of Japan.

We look forward to welcoming and meeting you in Kyoto this December.

SYMPOSIUM SESSIONS and SPECIAL LECTURERS

The symposium will provide the following symposium sessions.

Plenary lecture: T. Mason (GBR), F. Ruo (CHN), K. Suslick (USA)

Morning lecture: F. Grieser (AUS), A. B. Pandit (IND), C. Pétrier (FRA)

Session 1. Sonochemical Innovation in Material Processing: A. Gedanken (ISR), W. B. Ko (KOR)

Session 2. Cavitation, Sonoluminescence, & Bubble Dynamics: R. Mettin (GER), S. Hayashi (JPN)

Session 3. Biomedical Applications: C. A. Cain (USA), T. Kondo (JPN)

Session 4. New Development of Sonochemistry; P. Birkin (GBR), S. Koda (JPN)

Session 5. Industrial and environmental application of sonochemistry; M. Ashokkumar (AUS)

SONOCHEMISTRY AWARD

ISSS2007 Organizing Committee will confer Awards on the excellent young sonochemists.

SUBMISSION OF PAPERS

Paper should be submitted in accordance with the description of the ISSS2007 website before **June 20, 2007**.

CITY INFORMATION

Kyoto: Ancient Capital, Cultural Treasure

The City of Kyoto was founded as "Heiankyo" in 794 A.D, and flourished as the capital of Japan for approximately 1,000 years.

Even after the transfer of the capital to Tokyo with the Meiji Restoration in 1868, Kyoto maintained its position as Japan's cultural capital.

It is home to numerous national treasures, historical buildings and traditional arts and crafts. Kyoto is known as the "spiritual home of the Japanese" and it is often said that without knowing Kyoto, it is impossible to grasp the true essence of Japan.

Kyoto has a rich and colorful history, with a very unique blend of tradition, culture, and industry. It is a popular tourist destination not only for foreign visitors, but for Japanese holiday makers as well. During autumn maple leaf viewing seasons, the city and its rural outskirts are an irresistible attraction for nature lovers.
